Starting with the 2017-18 FAFSA these new changes will be in effect:

- **You will be able to submit your FAFSA earlier.** You can file your 2017-18 FAFSA as early as October 1, 2016 rather than beginning on January 1, 2017. The earlier submission date will be a permanent change, enabling you to complete and submit a FAFSA as early as October 1 every year.
- **You will use earlier income and tax information.** Beginning with the 2017-18 FAFSA, you will be required to report income and tax information from an earlier year. For example, on the 2017-18 FAFSA you and your parent(s) as appropriate—will report your **2015 income and tax information**, rather than your 2016 income and tax information.

The following table provides a summary of key dates to using the early FAFSA submission timeframe and earlier tax information.
